Digital Pedagogy for Literacy: The Hebrew Class of the Future

How will Hebrew Language classes look in the future?

Come and explore how the integration of technology in second language instruction, using the Proficiency Approach, maximizes the effectiveness of Hebrew classes and promotes communicative performance of the learner.

- 1. Identify the basic principles** of the Proficiency Approach for teaching Hebrew
- 2. Learn to use a variety of online tools**
- 3. Create meaningful online content**

The course is appropriate for modern Hebrew teachers who want to learn how to integrate technology and the Proficiency Approach into their instruction. No prior knowledge of the Proficiency Approach or of educational technology is required for participation. At the end of the course students will receive a certificate of participation (Required: 80% participation in the webinars and 80% completion of assignments).

Note: This course will be conducted in Hebrew.

Hebrew at the Center (HATC) is dedicated to revolutionizing Hebrew teaching and learning. Providing cutting-edge pedagogic and assessment tools, we work to educate school leadership, develop Hebrew language leadership and empower teachers with the tools and expertise to maximize each student's success.
