Jewish Educators

## Master of Jewish Education Program (MJEd)

Building on Hebrew College's long-standing tradition of training outstanding Jewish educators, the MJEd Program offers a comprehensive curriculum that combines leadership for learning, pedagogic application, Social, Emotional & Spiritual Learning; and supervised field experience; with an opportunity to become an iCenter Fellow for the teaching of Israel. This program is ideal for educators with a passion for transformative Jewish education.

COURSE	CREDITS
Theory and Practice of Jewish Education	3
Models of Teaching	3
Human Development and Learning	3
Special Education in Jewish Educational Settings	3
Pedagogical Content Knowledge Courses	3
Jewish Studies Electives	9
Seminar in Educational Leadership	3
Supervised Field Experience	5
Graduate Research Seminar	4

## DEGREE REQUIREMENTS (36 Credits)

Successful completion of the courses above including a Master Thesis, plus fulfillment of Hebrew requirements

## PROGRAM COMPONENTS

Thirty-six credits of online coursework including a supervised field experience in a student's home community. Students will complete this part-time program in three years. Classes in the fall and spring are asynchronous with opportunities to come together online as a class.

## STUDENT EXPERIENCE

MJEd candidates join a dynamic community of students from around the country and the world in an interactive virtual classroom. Faculty advisers serve as mentors and help shape individualized experiences. In our thriving, pluralistic community, MJEd students study together with rabbinic and cantorial students.
